

Sister In Christ!

When I die one thing I would ask
That you do not cry because I have passed And
shed no tears as they lay me to rest
For as a sister in Christ I have been blessed
Remember me instead as a true and caring friend
One which you and others could always depend
And shed no tears as they lay me to rest
For as a sister in Christ I have been blessed
Think of the time I spent on earth
Of that final journey that I started at birth
And shed no tears as they lay me to rest
For as a sister in Christ I have been blessed
Then think of Jesus and His Sacrifice
Of how he too is our Brother in Christ
And shed no tears as they lay me to rest
For as a sister in Christ I have been blessed
Hopefully, you will remember some good that I have done
And laugh at the things that we thought fun
And shed no tears as they lay me to rest
For as a sister in Christ I have been blessed
And when you think of me now and then
Of the way you remember me way back when
Then you'll shed no tears because they laid me to rest
For you'll know that as a sister in Christ I have been blessed
I hope when you are thinking of me
A better Christian my life might help you to be
So then they'll shed no tears when they lay you to rest
For as a Brother or Sister in Christ
They will know you to have been blessed
